

The DBX range is a new everyday cutting edge audio range that is affordable and puts things on a budget for car enthusiasts, the DBX range takes things to the next level.

EDBXPB62.1-E5
DBX Series Full Range Pro Audio Enclosure

The DBX range is where cutting-edge audio meets everyday affordability—redefining what’s possible in car audio for enthusiasts on a budget. And now, we’re taking things to the next level.

Introducing the EDBXPB62.1 —EDGE’s first-ever true full-range enclosure, delivering rich, immersive 2.1 sound in a compact, all-in-one solution. This revolutionary system features a dedicated 6.5” subwoofer for powerful, punchy bass, paired with four 6.5” EDBX6X speakers to cover the full frequency spectrum with clarity and precision. Born from the success of our pro boxes originally crafted for the Scandinavian market, the EDBXPB62.1 is a global evolution—refined, enhanced, and reimagined for wider appeal. We’ve taken a proven concept and added more depth, more power, and more versatility. Whether you’re upgrading your daily driver or building a bold show setup, the EDBXPB62.1 is designed to push the limits of performance, convenience, and style—without breaking the bank.

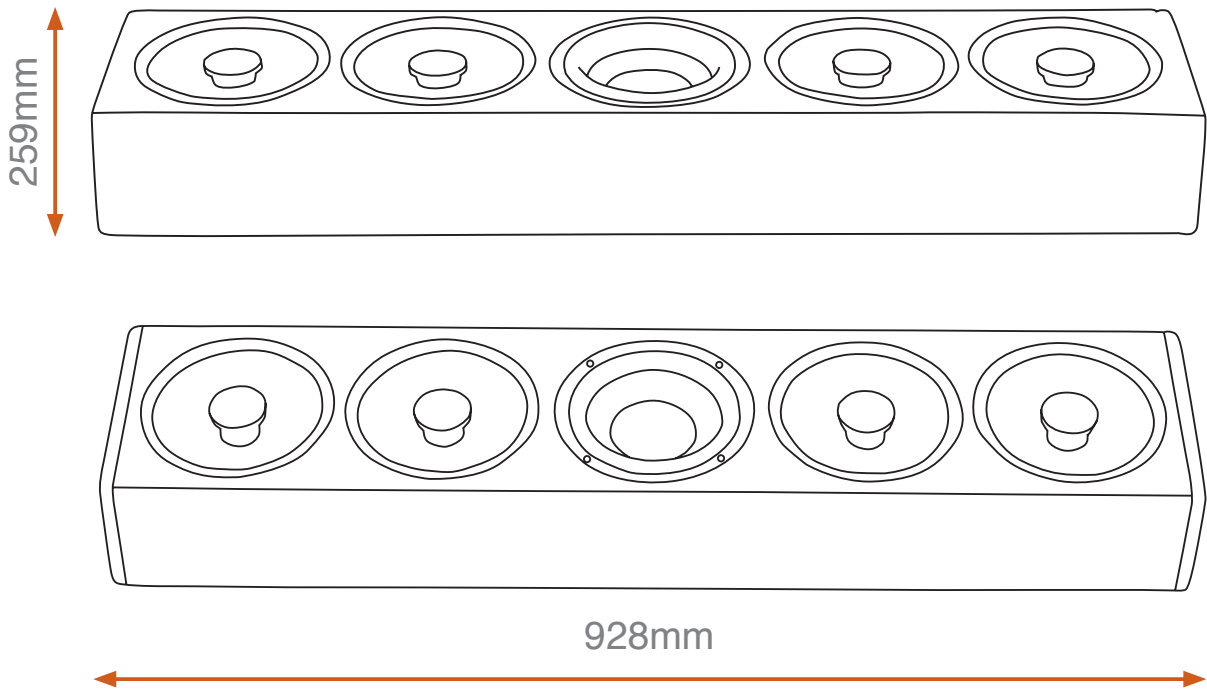

- BEST TECHNOLOGY - Carefully tuned enclosure offers brilliant full range output for those looking for a complete sound
- BEST OPTIMISATION - The EDBXPB62.1 is optimised to work well with a 4 channel amplifier allowing for an easier installation.
- BEST FEATURES - The enclosure features three sets of spring terminals, allowing the enclosure to be ran in stereo for improved sound quality and staging with a set of spring terminals to run the the sub in mono from your choice of amp
- CRYSTAL CLEAR SOUND - The design and construction of the enclosure help minimize unwanted noise and resonance, ensuring that the sound remains clear and precise even at high volumes.

Model	EDBXPB62.1-E5
Driver	4X EDBX6X + 1XEDBX6SW
Dimensions (H x W x D)	295mm (11.6") x 928mm (36.5") x 234mm (9.2")
RMS Power	1000 watts
Peak Power	2000 watts
Impedance	1X6 Ohm + 2 X 3 Ohm
Freq. Response	25Hz - 20kHz
Type	Full Range Pro Enclosure

Full Range Enclosure

AL TWEETER

The PRO tweeters inside of the EDGE EDBPB62.1-E5 feature titanium diaphragms which allow the tweeters to keep up with the midrange by allowing the tweeters to play super clear and loud.

FOAM

The EDGE DBX series midrange speakers feature a dual roll foam surround for increased excursion and a punchy response.

PAPER COMPOSITE

The enclosure features the new EDBXPRO6X speakers with the all new “Golf ball” designed cone which increases rigidity and strength of the cone.

Features

The enclosure has a full range output that improves sound.

The enclosure works well with a 4 channel amplifier resulting in easier installation.

Three sets of spring terminals.

High quality sound staging.

No unwanted sound or resonance.

Precise and clear noise at high volumes.
