

2 PRE-OUTS
2.5V

DMX6523DABS

6.8" WVGA Digital Multimedia Receiver with
Wireless Smartphone Connectivity
Bluetooth and DAB Tuner Built-in

L-Shape 1DIN Short Chassis

With the new L-shape short chassis design you can install this unit in a 1DIN space. Thanks to the included 2DIN sleeve & lever, the receiver can also be mounted into a 2DIN space.

Apple CarPlay®

Wireless Connectivity

Apple CarPlay® is a safer way to use your iPhone in the car. Simply talk to Siri or touch the receiver's display to get directions from Apple Maps, make phone calls, listen to voicemail, send and receive texts, and listen to music from Apple Music or your favorite 3rd party streaming services, all in a way that allows you to stay focused on the road. With the latest iOS version (iOS 12.0 and higher), 3rd party navigation apps like Google Maps and Waze are also supported.

Android Auto™

Wireless Connectivity

Android Auto™ was designed with safety in mind, helping you to minimize distractions and stay focused on the road. This multimedia receiver combines an intuitive voice controlled interface with a large touch screen and superior sound quality, making it a perfect complement for your in-car life. You can listen to and control music from your favorite streaming services and navigate to where you need to go with Google Maps or Waze.

– To use Android Auto™ on your car display, you will need an Android Auto™ compatible vehicle or aftermarket stereo, an Android phone running Android 5.0 or higher, and the Android Auto™ app. –

iPhone & Android

Wireless Mirroring

Screen mirroring with MirrorAPP+ allows you to display and control your smartphone apps on the receivers' large touch screen. Simply install the MirrorAPP+ on your smartphone, connect wirelessly with KENWOOD's DMX6523DABS, and make every drive safer and more enjoyable.
