

RAW NOVO Work Light

RAW NOVO Work Light

kr 595,00

Light up the shadows with the **RAW NOVO 75mm Work Light** – the pint-sized flood dynamo crafted for unstoppable performance in the smallest packages. Engineered in Norway to flood confined areas with **3520 lumens** (2200 effective) from an ultra-efficient **24W** setup, this LED powerhouse is tailored for tractors, forklifts, ATVs, and marine gear where space is premium and reliability is everything. With its rugged IP67 enclosure, broad temp tolerance, and foolproof DT connectivity, the NOVO 75mm conquers Nordic chills, dusty trails, and midnight maintenance like a true workhorse.

Key Features:

- **Ultra-Compact Flood Power:** Packs **3520 theoretical lumens** (2200 effective lumens) into a true wide flood pattern – ideal for illuminating tight spaces, machinery nooks, or vehicle underbellies with brilliant, even coverage.
- **Miniature Yet Mighty Build:** Tiny footprint at **75 × 75 × 50 mm** (110 mm height with bracket) weighing only **0.5 kg** – the perfect low-profile light for confined installations via simple mounting.
- **Sealed for Extreme Duty:** **IP67** rated against dust, water jets, and immersion, while operating seamlessly from **-40°C to +60°C** in the harshest environments.
- **Optimized Low-Power Efficiency:** **24W** draw at just **2A on 12V** across a versatile **10-32V** range – maximum light with minimal battery impact for extended use.
- **Instant Secure Connection:** Rear-mounted **DT connector** with included 0.5 m cable counterpart for quick, vibration-proof wiring without tools or hassle.
- **EMC-Certified Reliability:** **ECE R10** approved for electromagnetic compatibility – interference-free operation on all vehicles and equipment.

- **Natural Daylight Tone: 5700K** color temperature delivers crisp, true-to-life illumination that reduces eye strain and boosts accuracy in low-light precision work.
